

# The Super Application (Clubs+Chapters)

## Summary

The Super Application is a required application that acts as a registration/renewal for all APSC-approved groups. It must be submitted annually for a student group to maintain its status as an APSC-recognised group. SuperApp application responses may be shared broadly within APSC, and with other UBC units, as necessary. The word counts provided within the applications are only estimates, we expect groups to submit responses  $\pm 20\%$  in length within the limits given.

## Section 3: Group Policy Handbook

Section 3 of The Super Application details your group’s policies and addresses key concerns for managing a student group.

**Group Policy Handbook format:** This is flexible, we will accept many different formats. If your group already has a similar document or repository (like a procedure manual, playbook, group wiki, etc.), that contains (at a minimum) the sections listed below, you are able to submit this instead (please ensure it’s accessible). Ultimately, all of this information should be “group facing” (i.e., for the group’s regular access and reference).

#### Psychological Safety

Describe how your group ensures the psychological safety of its members and the mechanisms used to achieve it. (150 words)

#### Safety on Campus

Indicate how your group works to create a safe space on campus for all members, and the expectations on members to uphold these guidelines. (150 words)

This informs APSC on how your group markets itself internally and helps ensure groups are being treated equitably. Please provide details of how your group promotes what you do within its department, faculty, university, and the greater scientific/engineering community. (150 words)

### Academic Success Plan

Detail any policies or programs that help ensure your members do not experience academic difficulty as a result of their commitment to the group. (50 words)
