Project Timeline

Engineering Design Teams

Design Team	
Sub-team (if applicable) ❓	
Team Email	
Project Name	

Briefly outline your project timeline by *selecting the cells that correspond to the months* your team expects to be working on each design phase: <u>Ideation, Design, Manufacturing, Testing, and Completion.</u>

Please find below the definitions of each project phase:

- **Ideation**: identifying the core problem, brainstorming potential solutions, and evaluation initial concepts.
- **Design**: develop detailed plans for the project, including system architecture, component selection, CAD models, and schematics.
- **Manufacturing**: hands on fabrication and assembly of the system based on finalized design.
- **Testing**: verification of the system functions, including performance tests, identifying issues, and design iteration.
- **Completion**: the project cycle is finished and evaluated against deliverables.

Please note that your project design cycle cannot be longer than 3 years (36 months).

Year	Term	Month	Ideation	Design	Manufacturing	Testing	Completion
2025	Winter	Jan - Apr					
	Summer	May - Aug					
	Fall	Sep					
		Oct					
		Nov					
		Dec					
2026	Winter	Jan					
		Feb					
		Mar					
		Apr					

	Summer	May					
		Jun					
		Jul					
		Aug					
	Fall	Sep - Dec					
2027	Winter	Jan - Apr					
	Summer	May - Aug					
	Fall	Sep - Dec					
2028	Winter	Jan - Apr					
	Summer	May - Aug
